Hi Mark! Attached is a revised Agreement DRAFT for your review. You will note that we have accepted your change in Publications. The additional changes are as a result of our Law department's re-review of the Agreement where they found some mis-factual "stuff" in the previous Agreement drafts; specifically regarding the purchase of devices. If you will recall, we purchased these devices previously off of a purchase order - - Law is making that statement. The other language surrounding this you will find to be mutual. This was a total oversight on our part when originally drafting this Agreement. I trust that you will understand and appreciate the correction.

Please advise if I can proceed with the signature process.

Thanks!
